However, the nature of some offences will be viewed more seriously than others. Offences have been categorised into “Category 1”, “Category 2” and “Category 3”, where category 1 is to be regarded as the most serious.

23. In addition to assessing compliance with current and previous licence criteria, the Authority will take into account the way in which the applicant has engaged with any previous licensing or enforcement procedures, both within or outside the Authority. The fact that the prospective Licence Holder may have been successful in mandatory licence applications is not sufficient evidence on its own to fully demonstrate engagement with previous application or enforcement processes.
24. It should be noted that this document and the fit and proper person criteria is not exhaustive and the Authority reserve the right to amend the Fit and Proper Person criteria and the Property Management Arrangements from time to time in line with government directives or through service or policy development. Property Management Arrangements

It is expected that all information for the prospective tenant referred to in this document will be in a format and method understandable to them and makes it possible for queries or concerns to be easily raised.

The Licence Holder and Manager are to ensure that there are satisfactory Property Management Arrangements in place, below are the standards that the Authority require for each property.

Standard 1 – Letting Practices

Licence Holder or Manager will be expected to demonstrate that they have a letting procedure in place that:

- Actively encourages applicants from all backgrounds and makes clear that prospective tenants will not be discriminated against due to their race, colour, gender, religion, sexual orientation, ethnicity, disability or national origin or age.
- Provides clear information to prospective tenants about the property including rent levels, due dates and increase dates, deposits, receipts, the terms and conditions of the tenancy, charges (including service charges), a rent book and payment methods.

- Includes referencing procedures. These procedures should not merely be credit references, but should include character references to indicate their suitability as a tenant. Wherever possible references should be obtained from the previous two landlords or, where this is not possible, from an employer, educational professional or other responsible person who knows the prospective tenant well. It is not advisable to rely on references from friends or family members. Home visits should also be carried out to check the tenants housekeeping.
- Provides clear information on who has responsibility for the payment of all utility charges and Council Tax.
- Provides clear information about how deposits are to be held under the Tenancy Deposit Scheme, which was introduced by Part 6 of the Housing Act 2004.
- Ensures prospective tenants are made aware of the standard operating procedures, such as emergency repairs, hours of contact etc.
- Provides the tenant, on receipt of a deposit, with an inventory describing the state of the property and contents. Where practicable, photographic evidence should be included.

Standard 2 – Creating the tenancy

The Tenancy Agreement issued must comply with current legislation. All parties included in the tenancy agreement should be aware of their rights and responsibility under the agreement and landlords should be able to demonstrate that they have made every reasonable effort to ensure the tenants awareness.

This could include providing clear, written descriptions of:

- The terms on which the property is to be occupied.
- An address in England or Wales for the tenant to use to serve notice.
- Contact details for the landlord, agent or representatives, including emergency and ‘out of hours’ information.
- Repair-reporting procedures including maximum response times.
- Local facilities and amenities, including refuse collection/recycling days, neighbourhood watch and residents’ association details, post offices and shops etc.
- Provision of alley gate keys where applicable.
- The tenancy should contain acceptable behaviour clauses. Tenants should be provided with clear information about the level of behaviour expected of them whilst in the tenancy and their responsibilities both to the property and to their new neighbours and wider community. The information should also include examples of behaviour constituting antisocial behaviour and nuisance, as well as explaining clear consequences of displaying such behaviours.

Standard 3 – Managing the tenancy

They must make every possible step to ensure their tenants are able to live peacefully within their property. More specifically, they must:

- ensure any repairs are undertaken within a reasonable timescale;
- ensure the property is free from disrepair
- Carry out quarterly checks of the property
- promptly tackle any antisocial or nuisance behaviour emanating from the property, whether perpetrated by the tenants or people visiting or living with them; and
- Respect the privacy of the tenant, for example by giving adequate notice and ensuring permission is given (usually no less than 24 hours) before access to the property is needed.
- Tackle any breaches of the tenancy agreement promptly, and take any necessary action.

Standard 4 – Tackling Antisocial Behaviour

The Authority recognises the difficulties faced by private landlords in addressing issues of antisocial behaviour, particularly relating to Possession Proceedings.

- The tenancy should contain acceptable behaviour clauses. Tenants should be provided with clear information about the level of behaviour expected of them whilst in the tenancy and their responsibilities both to the property and to their new neighbours and wider community. The information should also include examples of behaviour constituting antisocial behaviour and nuisance, as well as explaining clear consequences of displaying such behaviours.
- Ensure there is a clear procedure for dealing with ASB, including warning letters, home visits and an escalation process.
- Landlords and Agents should seek advice from the Authority as soon as they become aware of nuisance or antisocial behaviour being perpetrated by their tenants or people visiting or living with them.
- The Authority and partners will work with landlords, managers and agents to develop an appropriate course of action for each case. This could include referral to mediation services, requesting action to regain possession of the property, the provision of a support service to the tenant.
- Where complaints against the property continue, Licence Holders and Managers will be requested to demonstrate measures undertaken to address the issues.

- Good references for tenants that have caused ASB should not be provided, in order to move a tenant on. Landlords, Managers and agents must always provide accurate and honest references to other landlords or agents on request.

Standard 5 – Ending a tenancy

Licence Holder or Manager must be able to demonstrate a satisfactory understanding of relevant legislation and procedures.

Unless a tenant clearly surrenders the property or the tenancy is ended by mutual agreement evidenced in writing, the correct legal notice must be served in order for the landlord to regain possession of the property. If the tenant fails to leave the property following the granting of a possession order, a Bailiff's Warrant must be obtained in order to evict the tenant.

The authority expects applicants, Licence Holders and managers to be able to evidence that:

- They will comply with current legislation in order to gain possession of the property.
- tenants are issued with clear information regarding the arrangements for bringing the tenancy to an end. This information must include clear guidance regarding the condition of the property expected at the end of the tenancy and the consequences of failing to meet this standard.
- That the Tenancy Deposit Scheme is used to promptly and efficiently return deposits and that any deductions are justified with evidence of expenditure, made available to the tenant.

Standard 6 - Other relevant issues

In addition to the specific standards outlined above, the authority may take into consideration the following points:

- That the Licence Holder or manager be suitably located to the licensable property to ensure adequate management, especially with regards to accessing the property, arranging repairs and being available to the tenants. Whilst each application will be considered individually, it is the view of the Authority that it is difficult to successfully manage a property when the landlord or agent are based a significant distance away, particularly overseas. In such circumstances, the Authority would expect a local managing agent to be employed, within 40 minute drive of the property.
- That the applicant, landlord, manager or agent has a significant history of legal notices, work in default or enforced sales. Such a history will be considered to be an indication of poor management in relation to repairing obligations.
- That the applicant, landlord, manager or agent has no significant history of frequent and substantive complaints and/or successful civil actions relating to the unreasonable withholding of deposits. Such a history will be considered to be an indication of poor management in terms of collection and return of deposits.

- That the applicant, landlord, manager or agent has no history of frequent and substantial complaints from tenants relating to conduct considered constituting harassment or attempted or actual unlawful eviction. Such a history will be considered to be an indication of unsatisfactory management arrangements.
- That the applicant, landlord, manager or agent has not breached any current or previous management regulations applicable to HMOs. Any such breach will be considered to be an indication of unsatisfactory management arrangements.
